Windsor, ON

bosdenis@hotmail.com

Education

University of Windsor — Honours Business Admin. and Comp. Sci.

Sept 2015 - May 2020

- Distinguished as a member of the prestigious Outstanding Scholars Program in the first year.
- Recognized for academic excellence with a Dean's List award for the 2016–2017 academic year.
- Affiliated with the Golden Key International Society, a globally recognized organization for high-achieving students.

Experience

Priority Ships — Freight Broker · Web Developer

Oct 2021 - Jan 2023

Vue.JS TailwindCSS Node.JS Outlook

- Successfully facilitated the smooth and efficient transportation of over **700** shipments across North America, managing a cumulative value of **\$30,000,000** in commodities.
- Expertly communicated and collaborated with shippers, brokers, and operators through a combination of phone and email communication to secure shipment awards, monitor progress, and ensure proper documentation.
- Contributed to the growth and success of the organization by designing and launching an intuitive landing page, complete with a user-friendly quoting system, contact information, and factoring information.

Loadly — Junior Web Developer · Lead Front-end Developer

Oct 2020 - Dec 2022

Vue.JS TailwindCSS Laravel MySQL Docker Linux JIRA BitBucket

- Designed and implemented a custom software solution using VueJS, Laravel, MySQL, Docker, and Atlassian Services, streamlining and simplifying the logistics process.
- Utilized technical and business acumen to provide insightful design solutions and enhancements, resulting in a more robust and user-friendly application.
- Currently hold a shareholder and business partner position, actively contributing ideas, opinions, and effective solutions to drive business success and growth.

WinHacks · BorderHacks — Co-Founder · Lead Organizer

Oct 2020 - Dec 2022

Node.JS Discord.JS MySQL MailChimp Typeform Canva

- Co-founded and served as lead organizer for a highly successful hackathon, creating a fully automated and user-friendly registration process and verification system.
- Provided visionary leadership, executing a comprehensive marketing and promotional campaign that attracted **2000+** participants, securing over **\$100,000** in prizes from sponsors, and securing news coverage.
- Co-delivered a well-received "Introduction to Web Development" workshop, inspiring and educating over **100** individuals.
